### Responsibilities

---

- Provide Professional Preconstruction/Estimating Services
- Develop and Manage Client relationships
- Develop and Manage Subcontractor relationships

### Summary

---

Scott Coquinco leads JP Wiseman’s preconstruction efforts and brings an excellent resume of successfully completed education projects. His many years of specialized preconstruction experience and intimate understanding of construction industry conditions and methodologies bring a decided advantage to your project. Scott keeps Client Advocacy front and center as he helps implement our preconstruction processes with the primary purpose of building trusting and long-lasting relationships.
